Dear Sir,

Kindly refer to your email dated 26 September 2023.

This is to inform you that an amendment has recently been made to the Medical Council Act 1999. This amendment will enable medical students who are non-citizens and who have been awarded an MBBS degree either by University Mauritius or by University of Technology (Mauritius) to undertake their Pre-Registration Training in Mauritius.

Yours faithfully,

Dr K. DEEPCHAND
Registrar
Medical Council of Mauritius
